OUR MISSION

Our mission is to nurture the curiosity of our pupils and instill joy in the learning process. We recognize the uniqueness of each pupil and approach them individually to help them succeed. We recognize the different ways pupils display intelligence and prioritize arts at the same level of science, maths and language.

OUR VISION

Leader in balanced approach to education. Every year we graduate pupils not just with good grades; but who are God-fearing, courageous and independent thinkers. Several of these pupils come from disadvantaged families and have fully embraced their opportunities.

OUR VALUES

- DIVERSITY:** We are an inclusive school that celebrates differences in our children
- COLLEAGIALITY:** We believe we are as useful as the relationships we build around ourselves
- INNOVATION:** We are committed to challenging ourselves to think outside the box and push our horizons
- ACCOUNTABILITY:** We are driven by high ethical standard and professional standards in the conduct of a
